## **Introduction**

Each year Council is required to determine fees and charges for services it provides.

The fees and charges are made up of fees provided under relevant Acts, and also those fees determined by Council.

Section 608(1) of the Local Government Act 1993, provides that “a Council may charge and recover an approved fee for any service it provides ....”.

Subsection 2 describes the services for which an approved fee may be charged. These include:

- Supplying a service, product or commodity.
- Giving of information.
- Providing a service in connection with the exercise of a Council's regulatory function, including receiving an application for approval, granting an approval, making an inspection or issuing a certificate.
- Allowing admission to any building or enclosure.

## **Effect of Other Acts**

If the amount of a fee for a service is determined under another Act, Council must determine an amount that is not inconsistent with the other Act and the Council may not charge a fee in addition to amount determined under the other Act.

“If the charging of a fee for service is prohibited by another Act, Council must not charge for a service under this Act” (Sect 610).

Charges under Sections 501 and 502, Local Government Act 1993

Charges referred to in these sections relating to Water, Sewerage, Drainage and Waste Management are detailed in the Revenue Policy.

## **Pricing Policy**

The following document provides a statement of the types of fees proposed to be charged by Council and the amount of such fee. Also, included with the list of fees and charges is a fee type. The fee types are described as follows:

### **Fee Type A**

This is a fee charged under relevant legislation. The details of the legislation and section are contained under the heading of the various types of fees. Council is unable to vary the amount of these fees. These fees are GST free under Division 81 GST Act.

### **Fee Type B**

Is generally an indicative fee which relates particularly to the supply of property information and Section 149 Certificates.

These fees are GST free under Division 81 GST Act.

### **Fee Type C**

These fees are for hire of Council premises and facilities. They have generally been set to gain the current market value for leased properties on the commercial market. These fees are GST inclusive.

### **Fee Type D**

These are fees and charges generally for documents and minor services provided by the Council. In most cases, the amount fixed represents a minimal fee and is designed to basically cover the cost of materials and other fixed costs in providing the information. These fees are GST inclusive.

### **Fee Type E**

This fee sets out to try and recover full cost of goods and services provided. Some of these charges may be subject to GST.

## **Interest Charges**

Sec 566(3) of the Local Government Act 1993, allows Council to apply interest charges on overdue rates & charges. This percentage is determined by the Minister each year.

**Refund Policy**

Fees and charges are generally for goods and services provided and therefore not refundable. However, Council has the following policies on refunds:

- No refund of development application fees paid shall be made.
- The advertising fee shall be refunded if an application is withdrawn prior to the proposal being advertised.

**Donation Section**

Applications for waiving of fees, or requests for donations equivalent to fees, will not be considered, except when a written request is made to Council for consideration.

**Reduced Fees**

Reduced fees apply in certain cases.

Council employees will not be allowed to dry hire items of Council plant and equipment for the purposes of making a profit. For such purposes, these items of equipment may be hired under Councils sundry debtor system at the full rates as detailed in Councils Management Plan. For personal hire the cost of such hire will be as per the current Sundry Debtor Rates, less 15%. The Council Employee must either operate this item of plant or equipment themselves, or utilise the services of another Council Employee in their own time.

Under no circumstances will items of plant or equipment be hired to Council Employees who are not trained to use such items, or do not intend to use another trained Council Employee to operate the item. Council Employees are to contact the Supervisor of the item of plant and equipment to be hired prior to hire, ensuring that necessary Sundry Debtor paperwork is completed.

Council equipment may be operated by other persons not classed as Council staff for their volunteer services of maintaining Councils assets. These persons shall only operate items of Councils plant once they have completed the necessary training and induction process provided by Council. Small items of plant such as whacker packers, cement mixers, posthole borers and chainsaws etc. may be hired out on an agreed price from management and under the condition they are returned to the responsible person in the same condition as they were received.
