

GIPAA Government Contracts Register for the Year Ending 30 June 2023

The Government Information Public Access Act 2009 (GIPAA) requires Council to keep and publish a record (called its "government contracts register") that records information about some contracts with private sector bodies. The GIPAA states that the information about contract worth more than \$150,000 between agencies and private sector bodies must be recorded in a register of government contracts. Council's disclosure log was prepared in accordance with Sections (18) (e) and 27 of GIPAA.

The register of government contracts is continuously updated as formal applications are processed and released under GIPAA

| Tender Number | Contract Class | Contractor Name | Contractor Business Address | The goods or services to be provided, or the real property to be leased or transferred under the contract. | Estimated amount payable to the contractor under the contract. (Including GST) | The method of tendering (Open, or Selective or Direct negotiation.) | Contract Variation/Special Provisions (if any) | Commencement Date | Finish Date | Comments |
