Road users are advised not to rely solely on online mapping platforms (e.g. Google Maps) when proposing to travel on Outback roads. These platforms do not always have the most up to date road closure information and may not take travellers on the safest and shortest route during extreme weather conditions. If you are not sure please contact the emergency on call number for advice.

MOTORISTS ARE ADVISED ALL UNSEALED ROADS ARE CLOSED WHEN WET FOR FURTHER ENQUIRIES PLEASE CONTACT 02 6830 8000 OR A/H 0419722055

Note: Council wastes valuable resources repairing damage done by vehicles using closed or wet roads. Offenders may be prosecuted and be held responsible to pay for any damage caused.

Light vehicles are defined as: **motor vehicles with a Gross Vehicle Mass (GVM) of 4.5 tonnes or less, towing of caravans, camper trailers or trailers are prohibited whilst open to light traffic only**
